### ROAD SCRAPES PULLED BY TRACTION ENGINE

ARE BEING TRIED OUT JUST BELOW THE CITY IF SUCCESSFUL

County Will Probably Purchase Machine to Do Work All of the Time.

Two road scrapes, pulled by a traction engine, are being used on the road between here and Iva and last night the stretch between the city limits and Mr. Frank Hall's place had been finished.

Supervisor King was asked about this new way of pulling the road scrapes in Anderson county and stated that the method was only being tried out at present and if it worked well, probably would be used extensively. The engine is the property of Mr. M. H. Sexton and is rented to the county for a few days, the rate being \$5 a day, engineer included.

Mr. King has just returned from a trip in Georgia where he went to see a demonstration of road machinery and said that he thought it was a good thing. He thinks that the chain-gangs should be used in permanent road construction, such as changing them, grading, etc., and that there is some kind of machinery that can be used economically in keeping a road up after it is once built.

Mr. King stated that there was nothing better than convicts and mules for the actual construction of roads but that when it came to keeping one in good condition after it was built he believed that machinery could be used that would be of much less expense to the county.

This engine and scrapes are merely being used as a test and if they prove successful, machinery for the purpose will probably be bought.

### LIGHTNING STRUCK NEGRO YESTERDAY

Employed on Place of John M. Glenn—Late Yesterday Afternoon Was Still Alive.

George Norris, a negro working on the place of Mr. John M. Glenn, was struck by lightning yesterday afternoon about 2:30 during a thunder storm. Late yesterday afternoon it was reported that there was no hope for the man's recovery.

Mr. Glenn was in the city yesterday afternoon and stated that the negro had been employed to dig a well. When the rain came up he went to a house that was being built nearby and sat down on the sill. The rain was about over and the negro had just stated that he believed he would go back down in the well, when the lightning struck him.

It seems that the bolt entered in the negro's foot and ran up his leg and out through the center of his back. It was stated that he was badly burned and was in great misery before the physician arrived.

### UNCLAIMED LETTERS

Following is the list of letters remaining unclaimed for in the postoffice at Anderson, S. C., for the week ending August 4, 1915. Persons calling for these will please say that they were advertised. One cent due on all advertised matter.

B—W. E. Barton, Mrs. W. U. Bellim, Mrs. Jno D. Bryson, Evelyn Bradham.

C—Miss Bemie Chastain, Mrs. H. E. Clark, Dairus Collins, Mrs. Willie Cason.

D—T. B. Dover, Paul D. Duncan, Anderson Hunter.

J—Miss Blanche Johnson.

L—Chanell E. Lee.

M—Willie May, Mae C. Monroe, Mrs. Mary Myers, Mrs. Fred Morris, Mrs. Belle P. McCown.

N—L. C. Norris.

P—Mrs. Lee Posey, C. L. Peaner.

Q—Miss Rudio Queen.

R—J. W. Robinson, Miss Lizzie May Reed, Tim Richey.

S—Mrs. J. W. Smith, H. F. Steadly.

T—Mrs. Texanor Tucker.

W—W. W. White.

Done With Diving.

"Scientific management has come to stay. Those old fogies who oppose it are as ridiculously hidebound as the diver."

The speaker was Dr. Simms Reed, who is the author of several scientific management textbooks.

"As hidebound as the diver," Dr. Reed pursued. "This fellow had been a day laborer, and then he turned to diving because the pay was better. But he only went down once. Yes, he only went down once, and he'd hardly been down two minutes before he signaled to be drawn up again."

"They drew him up quickly. He motioned to them to unscrew his helmet. As soon as he got the helmet off he began to take off his loaded shoes and rubber combination suit."

"I'm done with divin'," he said. "No more divin' for me. The divers with a job where you can't spit on yer hands!"—Pittsburgh Chronicle-Tele-

graph.

Farm and Fireside says:

"A new requisition in Berlin, Germany, requires that vegetable tops, peelings, and waste bread be kept separate from all other garbage so it can be collected and used as cattle fodder."

### COMMITTEE DECIDES FOR \$500 AND \$240

CERTIFICATES WILL BE PLACED WITHIN FEW DAYS

WELL PLEASED

With Paving in General and Want it Carried on With as Little Trouble as Possible.

A meeting of the executive committee of the paving commission was held last night for the purpose of determining the amounts of the paving certificates to be placed, they deciding on \$500 and \$240.

Mr. Ernest F. Cochran, city attorney, read a report from the city clerk and treasurer which showed that the amount to be issued was \$56,168.85. This is to be divided into nine years and certificates will be issued for \$500 and \$240, same to bear interest at six per cent, payable semi-annually. A letter from the Sidney Spitzer company, with which the certificates will be placed, showed that some would have to be issued for an odd amount, they preferring to have as many as possible in lots of \$500, therefore the amount of \$240 was decided upon.

During the meeting the street paving situation was discussed in general. It was stated that the Southern Paving company had been complaining about the work of the Southern Public Utilities company not going ahead fast enough and a letter was read from the former company to this effect. It was stated that a conference had been held with Mr. Orr and that he had given sufficient reasons for the work being rather slow in getting started at first, among these being material being delayed. This matter, it was stated, was satisfactorily adjusted to both parties.

Members of the committee expressed themselves pleased with the situation in general and stated that it was their desire to have the work done with as little friction as possible to all parties concerned.

It was shown that the people whose abutting property is to be assessed have been very thoughtful and considerate about attending to arranging for the payment of their share of the assessments and for this the paving commission is grateful.

### PROPERTY OWNERS ON MANNING STREET

Sign Petition Asking for Paving on That Street—To be Acted Upon.

A petition signed by a majority of the property owners on Manning street has been filed with the paving commission which asks for paving on that street.

When the paving commission ordered the first block of streets to be paved, they invited a petition asking for paving on Manning street.

This petition was circulated a day or so ago and has been filed with the city clerk. It carries the following signatures: A. M. McFall, Mrs. P. M. King, Mrs. E. L. Dillingham, L. N. Entrikin, Mrs. W. H. Frierson, Mrs. F. M. Butler, Miss A. Lesser, Josie Seligman, W. P. Lesser, First Baptist church, by order of board of deacons, by J. A. Brock.

His Only Guide.

The disinterested and well-beloved bishop of a certain Southern State is so absent-minded that his family is always apprehensive for his welfare when he is away from them.

Not long ago, while making a journey by rail, the bishop was unable to find his ticket when the conductor asked for it.

"Never mind, bishop," said the conductor, who knew him well, "I'll get it on my second round."

However, when the conductor passed through the car again, the ticket was still missing.

"Oh, well, bishop, it will be all right if you never find it!" the conductor assured him.

"No, it won't my friend," contradicted the bishop. "I've got to find that ticket. I want to know where I'm going."—Youth's Companion.

Why He Was Proud.

A teacher in the McKinley school building in Muncie last spring offered a prize to the pupil who would kill the most flies. The little boys and girls who were under this teacher's special charge at once became the envy of all the other pupils whose teachers were not in the prize giving business. One day, Donald, who is eight and under the tutelage of the "prize" teacher, said in a discouraged tone to a playmate, Charles, who is in another room: "I just know I'll never win that prize. I can't find any flies over at our house."

"Then you'd just better come over to over house," said Charles boastfully. "we got millions of 'em."

Mill Creek Baptist.

There will be services at Mill Creek Baptist church, the Lord Day, the second Sunday in August. The public is cordially invited to attend.

A lot of people have the habit of lying with their mouths closed.

### SCHOOL INSPECTOR IS HERE FOR A WEEK

VISITED ORR AND GLUCK MILLS SCHOOLS YESTERDAY

ESTABLISH OFFICE

Of Mill School Inspector in This County if Conditions Favorable for Such.

Mr. George D. Brown, state inspector of mill schools, arrived in Anderson yesterday morning and will be here about a week visiting these schools in the county. During his stay here Supt. Felton's office in the court house will be his headquarters.

Yesterday afternoon Mr. Brown and Mr. Felton visited the Gluck and Orr mills and would have gone to others if the rain had not come.

Yesterday Mr. Brown stated that he was here for the purpose of instructing the people at the mills as to how they should secure state aid in running their schools. He intends to find out how much taxes the mills pay, the assessed valuation of their property, number of teachers employed in schools, number of pupils enrolled and the average attendance.

Mr. Brown stated that in some of the cities and towns the people were not taking advantages of the assistance offered by the state. Where money is paid through a special tax, the state will help from \$100 to \$500. They can participate in this now through the library act which will enable a school to get \$40 worth of books if \$10 is raised by the school. Through the building fund they may secure up to \$500 from the county and state, according to the amounts raised by the schools.

Mr. Brown has been inspector of mill schools since July 1 and before that time he was county superintendent of education in Newberry county. Since he has had his present office he has visited schools in Greenwood, Spartanburg and Union counties and through him several schools have put themselves in position to secure state aid by voting on a special tax.

Mr. Brown hopes to have the office of mill school inspector of Anderson county established here. The duty of the holder of such office will be to inspect and keep in close touch with the mill schools.

People who are always looking for trouble miss a lot of joy rides.

We Are Now Closing Out Our Low Cut Shoes At a Big Reduction--

Pumps and Oxfords, in all leathers and White Canvas. Any style or grade you want from \$1.39 to \$3.85

Come in when you want footwear of any kind. Your size and price is here.

Thompson's The One Price Shoe Store We Sell For Cash Only.

## End of the Month Special

For the balance of July we will sell the World reknown JOHNSON Floor Wax which retails everywhere at 50 cents per pound cans at, per pound can

35 cents

2125 London Street, Greenville, S. C. L. W. COURTNEY, M. A., Headmaster, Greenville, South Carolina. September 15, 1915.

# TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

**PRESBYTERIAN COLLEGE of S. C.**

Superb New Science Hall, Library and Gymnasium. Modern Scientific equipment. Up-to-date Dormitories with all conveniences. Ranked among the best classical Colleges of the Southeast. Student body doubled in three years. Expenses moderate. Excellent health record; 800 ft. elevation. Best moral and religious influences. Athletic facilities extensive. Write for catalogue to

DAVISON M. DOUGLAS, D. D., President. CLINTON, S. C.

**3 OILS ANYTHING CLEANS, POLISHES EVERYTHING PREVENTS RUST EVERYWHERE**

"The One has been for 15 years the Old Reliable, because it does the best job of oil. It is light enough to oil a watch, heavy enough to oil a lawn mower. On a soft cloth it shines on brass furniture polish. Makes a pair of chrome cloth the best and cheapest cleaning liquid."

And it also absolutely prevents rust or tarnish on all metal surfaces, indoors and out. Free 5-cent sample. Write for generous 5-cent sample and the Directory of men—ask for free. The One is sold everywhere in 16-oz. bottles: 10¢ (1 qt.), 25¢ (1 gal.), 50¢ (2 gal.), 1.00 (5 gal.). Also in patented Handy Oil Can, 25¢ (1 qt.).

3-IN-ONE OIL COMPANY, INC. 42 B A BROADWAY, NEW YORK CITY

For the Ultra Precise. Philadelphia Bulletin. The late Prof. Thomas R. Lounsbury said at Cambridge in a talk on English: "But precision can be carried too far. The ultra precise, even when logically right, are really wrong." "An ultra-precise professor went into a hardware shop and said: "Show me a shears, please." "You mean a pair of shears, don't you?" said the dealer. "No, said the professor. I mean what I say. I mean a shears." "The dealer took down a box of shears. "Look here, professor, he said. Aren't there two blades here? And don't two make a pair?" "Well, you've got two legs. Does that make you a pair of men. And

the professor smiled at the dealer triumphantly through his spectacles. "He was logically right, but really he was wrong." An Ancient Offense. Pittsburgh Chronicle-Telegraph. A man in the English veteran reserves was called up recently. After a week at his new quarters he was brought up before the officer commanding for not cleaning his rifle one day. Said the officer commanding: "Hem, you're an old soldier re-enlisted, I see. I suppose it has been many years since you were reprimanded? What was your last offense? Can you remember what it was?" The old soldier, with irony on account of the repeated assertions of his age, replied: "For not cleaning my bow an' arrow, sir!"
